Volume 158 Number 1 September 1996

Peripheral blood flow

1 Studies on cutaneous blood flow in the mammary gland of lactating rats *M. Eriksson, T. Lundeberg and K. Uvnäs-Moberg*

7 Sustained forearm vasodilation in humans during mental stress is not neurogenically mediated *M. Lindqvist, S. Davidsson, P. Hjemdahl and A. Melcher*

15 Ageing reduces sympatho-suppressive response to head-out water immersion in humans *C. Miwa, T. Mano, M. Saito, S. Iwase, T. Matsukawa, Y. Sugiyama and K. Koga*

21 The effects of hexamethonium on cerebral blood flow and cerebral function during relative cerebral ischaemia in rats *J. O. Skarphedinsson, M. Delle, S. Carlsson and S. L. Bealer*

29 Effects of angiotensin-converting enzyme inhibition on arterial, venous and capillary functions in cat skeletal muscle i*n vivo U. Ekelund*

Heart

39 High afterload during 10 min of regional ischaemia affects diastolic creep but not systolic function in reperfused (stunned) myocardium *S. E. Rynning, H. Brunvand, S. Birkeland, E. Hexeberg and K. Grong*

45 Comparative study of the effects of nitric oxide synthase and cyclo-oxygenase inhibition on duodenal functions in rats anaesthetized with inactin, urethane or α-chloralose *M. Sababi and O. Nylander*

Gastrointestinal

53 Characteristics of fasting and fed myoelectric activity in rat small intestine: evaluation by computer analysis *R. Bränström and P. M. Hellström*

63 Pancreastatin modulates glucose-stimulated insulin secretion from the perfused rat pancreas *B. Ahrén, G. Bertrand, M. Roye and G. Ribes*

71 Perchlorate is hypoglycaemic by amplifying glucose-stimulated insulin secretion in mice *G. Larsson-Nyrén*

Muscle

77 Neuromuscular adaptations during bilateral versus unilateral strength training in middle-aged and elderly men and women *K. Häkkinen, M. Kallinen, V. Linnamo, U.-M. Pastinen, R. U. Newton and W. J. Kraemer*

89 Changes in fibre types in rat soleus and plantaris muscles following hypophysectomy and compensatory overload *A. Yamaguchi, K. Sakuma, I. Morita, H. Soya, H. Takeda and S. Katsuta*

Kidney

97 Neuropeptide Y regulates rat renal tubular Na,K-ATPase through several signalling pathways *Y. Ohtomo, S. Ono, E. Zettergren and B. Sahlgren*

107 1α,25-Dihydroxyvitamin D_3 stimulated alkaline phosphatase activity in cultured pig kidney epithelial LLC-PK1 cells *X. Do Thanh, F. Massicot, B. Do, R. Breget, V. Nivet, D. Durand, J. M. Warnet, J. R. Claude and J. P. Clot*

113 Instructions to authors

Volume 158 Number 2 October 1996

Mini review

115 Do intestinal villi secrete? *M. Jodal and O. Lundgren*

Skeletal muscle

119 Characterization of bumetanide-sensitive Na^+ and K^+ transport in rat skeletal muscle *I. Dørup and T. Clausen*

129 Skeletal muscle and heart antioxidant defences in response to sprint training *M. Atalay, T. Seene, O. Hänninen and C. K. Sen*

Smooth muscle

135 Contractile responses of rat duodenum caused by transmural nerve stimulation: interaction between tachykininergic and cholinergic mechanisms *T. Tolessa, M. Lördal and P. M. Hellström*

Heart

143 Electrical restitution in rat ventricular muscle *P. P. Nanasi, C. Pankucsi, T. Banyasz, P. Szigligeti, J. Gy. Papp and A. Varro*

Peripheral circulation

155 The immunosuppressant FK506 ameliorates ischaemic damage in the rat brain *M. Drake, H. Friberg, F. Boris-Möller, K. Sakata and T. Wieloch*

161 Rapid plasma volume decline upon quiet standing reflects large filtration capacity in dependent limbs *J. Lundvall, P. Bjerkhoel, S. Quittenbaum and P. Lindgren*

Tissue

169 Peritoneal leucocytes from spontaneously hypertensive rats have reduced chemiluminescence response and lowered sensitivity to dexamethasone *in vivo K. K. Skrede, H. Røshol, C. E. Ærø and P. Wiik*

181 Permeation from the synovial fluid as nutritional pathway for the anterior cruciate ligament in rabbits *Y. Murakami, M. Ochi, Y. Ikuta and Y. Higashi*

189 The effect of endothelin receptor blockade on the development of the Sephadex-induced inflammation in the rat lung *S. E. Andersson, A. Hemsén and J. M. Lundberg*

Nutrition

195 Carbohydrate ingestion augments creatine retention during creatine feeding in humans *A. L. Green, E. J. Simpson, J. J. Littlewood, I. A. MacDonald and P. L. Greenhaff*

203 VIP-antiserum and indomethacin inhibit calcium and bicarbonate secretion by the inflamed feline gallbladder mucosa *B. Nilsson, D. Delbro, A. Thune, S. Friman, L. Jivegård and J. Svanvik*

210 Announcement

211 Instructions to authors

Volume 158 Number 3 November 1996

Kidney

213 Characteristics of the glomerular capillary membrane of the rat kidney as a hydrated gel. I. Hypothetical structure *M. Wolgast, Ö. Källskog and H. Wahlström*

225 Charecteristics of the glomerular capillary membrane of the rat kidney as a hydrated gel. II. On the validity of the model *M. Wolgast, Ö. Källskog and H. Wahlström*

Vascular reflexes

233 Intrarenal administration of angiotensin II does not moderate afferent renal nerve mediated cardiovascular reflexes in the anaesthetized rabbit *N. Ashton and F. V. Swift*

241 Pharmacological evidence that different α_1 adrenoceptor subtypes mediate contraction in rabbit prostate and hypogastric artery *S. Delaflotte, M. Auguet and P. E. Chabrier*

253 Acute and long-term effects of 17β-oestradiol on agonist-stimulated force in rat tail artery *M.-L. Lydrup and B.-O. Nilsson*

Various

261 Acute growth hormone injection reduced gastrointestinal and increased hepatic oleic acid oxidation in swine *K. Unneberg, T. Steigen, A. Revhaug, T. Larsen and M. Mjaaland*

269 *N*-methyl-D-aspartate receptor antagonists potentiate morphine's antinociceptive effect in the rat *S. Grass, O. Hoffman, X.-J. Xu and Z. Wiesenfeld-Hallin*

275 Acoustically induced vibrations of the Reissner's membrane in the guinea-pig inner ear *M. Ulfendahl, S. M. Khanna and W. F. Decraemer*

287 Perchlorate differentially potentiates excitation-contraction coupling of diaphragm muscle from *mdx* and control mice *Y. Péréon, A. Khammari and J. Noireaud*

Rapid communication

295 Regulation of sodium-potassium-adenosine-triphosphatase activity by extracellular guanosine 3′,5′-cyclic monophosphate in rat kidney *M.-L. Syrén, S. Tirelli, B. M. Assael and F. Sereni*

297 Erratum

298 Instructions to authors

Volume 158 Number 4 December 1996

Biogenic amines

301 Multiple actions of iontophoretically applied serotonin on motoneurons in the turtle spinal cord *in vitro* *M. Skydsgaard and J. Hounsgaard*

311 Local actions of acetylcholine on vasomotor regulation in rat incisor pulp *L. Olgart, G. D. Kostouros and L. Edwall*

Respiration

317 Phosphate and cyclic AMP excretion decreases during less than 12 h of hypoxia in conscious rats *Y. Mimura*

325 Reduced arterial O_2 saturation during supine exercise in highly trained cyclists *P. K. Pedersen, H. Mandøe, K. Jensen, C. Andersen and K. Madsen*

333 Differences in mouth occlusion pressure and breathing pattern between arm and leg incremental exercise *M. Ramonatxo, J. Prioux and C. Prefaut*

343 Inhalation of nasally derived nitric oxide modulates pulmonary function in humans *J. O. N. Lundberg, G. Settergren, S. Gelinder, J. M. Lundberg, K. Alving and E. Weitzberg*

Circulation

349 Middle cerebral artery blood velocity and plasma catecholamines during exercise *F. Pott, K. Jensen, H. Hansen, N. J. Christensen, N. A. Lassen and N. H. Secher*

Skin

357 Prostaglandin E_2 inhibits antidiuretic hormone induced transepithelial sodium transport and cAMP production in frog skin epithelium (*Rana esculenta*) *K. A. Rytved, H. Andersen and R. Nielsen*

365 An evalution of the role of skin temperature during heat adaption *J. M. Regan, D. J. Macfarlane and N. A. S. Taylor*

Rapid communications

377 Assessment of receptor reserve during cholinergically induced intestinal secretion in rat jejunum *in vitro* *S. A. Przyborski and R. J. Levin*

381 Ultrastructural evidence for loss of calcium homeostasis in exercised skeletal muscle *J. Fridén and R. L. Lieber*

383 Announcement: The 1996 IOC-Olympic Prize winners
